Class Prep

Prior to the class please download the class materials from:

- https://github.com/Skillsoft-Content/AngularBootcamp

- Percipio: Angular Bootcamp --> Resources

Install

The latest Angular CLI - https://angular.io/guide/setup-local

VSCode - https://code.visualstudio.com/download

Lab Sandbox

If you are not able to install the software locally, feel free to use the **Full Stack Development Sandbox**. To locate the lab in Percipio:

1. Log into Percipio

2. Select 'Library' > 'Skillsoft Bootcamps' > 'Software Developer Bootcamps'

3. Choose 'Angular Bootcamp'

4. On the channel page, select 'Practice' to locate the lab

5. Then choose 'Full Stack Development Sandbox' and click the 'Launch' button to open the lab.

6. Sandbox assets can be found in: '~/Documents/assets/'
